CE

Dallas-based software developer with a knack for effective communication and a genuine passion for honing software development skills. I am dedicated to the continual journey of learning and growth in this dynamic field. Eager to bring my technical abilities, love for coding, and collaborative spirit to a vibrant development team.

Skills

JavaScript | jQuery | Bootstrap | React | MySQL | NO SQL | MongoDB | APIs | RESTful APIs | Third-Party APIs | Git | Heroku | User Authentication | Template Engines | MERN |

Professional Experience

May 2022 - Present

Server/Trainer   **Ocean Prime Co.**

- Provided exceptional customer service in a fine dining setting.
- Mastered intricate menus and effectively communicated menu details to patrons.
- Adapted to high-pressure situations and maintained composure during busy periods.
- Developed strong communication and interpersonal skills while collaborating with customers and team members.

January 2021 - March 2022

Substitute Teacher   **ESS**

- Fostered a positive and inclusive learning environment by effectively managing student behavior and encouraging active participation.
- Adapted teaching strategies to accommodate diverse learning styles and individual student needs.
- Communicated clearly and promptly with school staff, including administrators and fellow teachers, to ensure a smooth transition during temporary assignments.
- Maintained accurate records of student attendance, behavior, and completed assignments.

May 2016 - December 2020

Server / Food & Bev. Manager   **Morton's The Steakhouse**

- Orchestrated seamless front-of-house operations, ensuring exceptional customer service and satisfaction in a fine dining setting.
- Managed and trained staff on service standards, menu knowledge, and customer interactions, fostering a cohesive and efficient team.
- Implemented inventory control measures to optimize stock levels, reduce waste, and maximize profitability.
- Collaborated with the culinary team to synchronize kitchen and dining room activities, ensuring a smooth flow of service.

Education

August 2018 - May 2020

Bachelors of Japanese Studies
University of North Texas, Denton, TX

August 2020 -

Bachelors of Integrative Studies in Foreign Relations
University of North Texas, Denton, TX

May 2020

Certifications

February
2024

Full Stack Web Development   Southern Methodist University

Participated in an in-depth 6-month coding boot camp while scoring in the top 1% of participants. Successfully acquired proficiency in various programming languages and accomplished the development of diverse projects, enhancing problem-solving abilities and fostering a strong foundation in software development concepts. Demonstrated adaptability and collaboration skills within a dynamic learning environment, further solidifying my commitment to continuous improvement and innovation in the field of coding.
